 Subject: URGENT! Virtual Worlds Forum Rescheduled

Dear Sasha
 Early this morning there was an incident at the venue in which a member of the public was shot. The police have closed off the venue for three days, which means that we cannot use it for Virtual Worlds Forum.

With less than a day to go, we cannot find an alternative venue, so we have taken the very difficult decision to reschedule the event.

What it means for you:

1. Virtual Worlds Forum will not take place as planned on Monday and Tuesday.
2. We will carry on with some of the networking events and parties. The four-day pass to the Hospital will still stand and the South by South West party will take place as planned on Monday night at Digress City.

We will update you regularly by email to let you know what is happening. We are very, very sorry for the inconvenience.

Clubber shot dead at close range

A man killed inside a nightclub in south London was shot once at close range, police have said.

The 24-year-old victim was found with gunshot wounds at the SE1 club in Weston Street, Bermondsey, early on Sunday morning.

The victim was on a night out with friends

He was taken to an east London hospital where he was later pronounced dead. Police have begun a murder inquiry.

Officers believe the unnamed victim was with friends when he was approached by the man who shot him.

No arrests have been made.

Appealing to clubbers who saw the incident to come forward, Det Ch Insp Adnan Qureshi said: "We know that the club was still busy at the time of the murder and there will have been a number of witnesses to the murder and events that have preceded it.

"Naturally when shots were fired the crowd dispersed and many left the scene."

A post-mortem examination will take place in the afternoon.

Officers from Operation Trident are investigating the incident and said they are keeping an open mind about the motive.

Dear Ranulf

Thank you so much to everyone who came to Virtual Worlds Forum 08.

While it was clearly not the show we had planned it to be, I hope you had a good time and got to mix and mingle with some great people and do some good business. Certainly the room was buzzing during our hastily-pulled together unconference, Virtual Worlds Forum Unplugged at the Hospital, and at the party hosted by South-by-South West.

Check out the blog for interviews with VWF08 Unplugged attendees - <http://virtualeconomicforum.com/blog>, and you can download podcasts from the show here <http://virtualeconomicforum.com/content-library/podcasts/>. Pictures of VWF08 Unplugged are here <http://www.flickr.com/photos/vwf2008/>

We will keep in touch to let you where and when the next event will take place. Once again, thank you so much for bearing with us through extraordinary times.

I will be starting my maternity leave shortly, and if you have any queries please email Rebecca@virtualworldsforum.com

Thank you for your support, and the support of the whole virtual worlds community,

Sasha Frieze
